

## L&C3 T10 Dealing with Problems

### Overcoming difficulties

1. have issues with:  
Harry is having issues with the flow of the project.
2. cause problems:  
The delay in equipment delivery is causing problems for the team.
3. equipment malfunctions:  
Sarah is struggling with equipment malfunctions in the lab.
4. make progress:  
The team is determined to make progress on the project.
5. root cause:  
We need to find the root cause of the issues we're experiencing.
6. underlying issues:  
There may be underlying issues that we haven't addressed yet.
7. take precautions:  
We should take precautions to prevent this from happening again.
8. prevent sth from happening:  
We need to take steps to prevent this from happening in the future.
9. reevaluate arrangements:  
We should reevaluate our arrangements to see if there's a better way to do things.
10. discuss further:  
Let's schedule a meeting to discuss this further.
11. get to the bottom of:  
We need to get to the bottom of this issue and solve it once and for all.
12. keep things moving:  
It's important to keep things moving and not get bogged down by setbacks.
